MEDNET SOLUTIONS TO SPONSOR AND EXHIBIT AT THE 2008 ADVANCED MEDICAL TECHNOLOGY ASSOCIATION CONFERENCE IN WASHINGTON, DC

Minnetonka, MN – MedNet Solutions, a global eClinical technology company specializing in clinical study management systems, today announced the company's active involvement as a sponsor and exhibitor at the 2008 Advanced Medical Technology Association (AdvaMed) MedTech Conference, to be held Sunday, September 21 through Wednesday, September 24 in Washington, DC.

"Like AdvaMed, MedNet is committed to bringing innovation to patient care worldwide," stated Brian Sweeney, Co-Founder & Vice President of Business Development for MedNet Solutions. "Since our inception, we've supported numerous medical device companies, both large and small, in multiple therapeutic areas, with innovative, flexible and easy-to-use technology solutions to easily manage their clinical studies and registries. MedNet Solutions is proud to be a Sponsor of AdvaMed 2008."

As an exhibitor and Sponsor of AdvaMed 2008, all conference attendees will have the opportunity to meet with Mr. Sweeney and other MedNet team members in MedNet's booth (#400), and see firsthand MedNet's comprehensive, yet highly configurable web-based eClinical technology. The MedNet eClinical Solution is designed to automate and simplify the day-to-day activities of all individuals involved with clinical studies, resulting in significant time and cost savings for sponsors, CROs and clinical sites.

AdvaMed advocates for a legal, regulatory and economic environment that advances global health care by assuring worldwide patient access to the benefits of medical technology. AdvaMed's member companies produce the medical devices, diagnostic products and health information systems that are transforming health care through earlier disease detection, less invasive procedures and more effective treatments. AdvaMed's members produce nearly 90 percent of the health care technology purchased annually in the United States and more than 50 percent purchased annually around the world.

MedNet Solutions is a leading eClinical technology solutions company supporting the pharmaceutical, medical device and biotechnology industries. Applying Critical Insight, Proven Technology, and Unwavering Support,

MedNet helps sponsors and CROs alike deploy efficient and successful clinical studies and registries of all phases and types. Since 2000, MedNet has successfully supported over 50 major customer organizations on projects spanning 6 continents and more than 40 countries, with a highly configurable and easy to learn web-based eClinical solution. MedNet delivers a superior customer experience from beginning to end. For more information, please visit www.mednetstudy.com.
