MEDNET SOLUTIONS' ENLIGHTEN RECEIVES CDISC ODM CERTIFICATION

Minnetonka, MN – MedNet Solutions, a global life sciences technology solutions company specializing in clinical study management systems, today announced that *ENLIGHTEN*[®], its industry-leading EDC/eClinical technology solution, has been certified by the Clinical Data Interchange Standards Consortium (CDISC) as complying with the Operational Data Model (ODM) standard. This certification underscores MedNet's commitment to streamlining the entire clinical study process with highly efficient and interoperable standards-based solutions.

"MedNet Solutions has a long tradition of sharing clinical data with other clinical information systems and devices to meet our customers' unique study needs," noted John M. (Rob) Robertson, President and CEO of MedNet Solutions. "*ENLIGHTEN*'s ODM certification is a significant step forward toward simplifying this process using the most up-to-date and widely-accepted industry standards available."

Following rigorous testing, MedNet Solutions' *ENLIGHTEN* received CDISC ODM certification in the following export use cases:

- ODM Data Export, Snapshot, Data
- ODM Data Export, Snapshot, Metadata

CDISC is a global, open, multidisciplinary, non-profit organization that has established standards to support the acquisition, exchange, submission and archive of clinical research data and metadata. The CDISC mission is to develop and support global, platform-independent data standards that enable information system interoperability to improve medical research and related areas of healthcare. The ODM is a vendor neutral, platform independent standard format for interchange and archive of clinical trials data.

MedNet Solutions is a leading healthcare technology company specializing in clinical study management systems designed for the global life sciences market. Applying critical insight, proven technology, and unwavering support, MedNet delivers powerful, flexible and easy-to-use web-based solutions that support our customers' clinical studies, registries and investigator initiated trials. Since 2000, MedNet has successfully supported leading pharmaceutical, medical device, and biotechnology organizations on projects spanning 6 continents and more than 40 countries.

MedNet delivers a superior customer experience from beginning to end. For more information, please visit www.mednetstudy.com.
