MEDNET SOLUTIONS TO SHOWCASE ITS COMPLETE SUITE OF eCLINICAL SOLUTIONS AT THE 47TH DIA ANNUAL MEETING

Minnetonka, MN – MedNet Solutions, a global life sciences technology solutions company specializing in clinical study management systems, is pleased to announce that MedNet will be showcasing its full lineup of proven eClinical solutions at the upcoming Drug Information Association (DIA) Annual Meeting in Chicago, IL on June 20-22, 2011.

“With the commercial release of *iMedNet EDC* earlier this year, MedNet now has the solutions required to effectively address the needs of any clinical study, regardless of size or phase,” noted John M. (Rob) Robertson, President and CEO of MedNet Solutions. “From pre-clinical and Phase I-IV studies, to registries and investigator initiated research, MedNet has cost-effective web-based solutions available to support the clinical study needs of sponsors, CROs and independent researchers.”

MedNet Solution’s eClinical technology suite includes:

ENLIGHTEN® - A full-featured, fully-customizable clinical trial management solution that encompasses easy-to-use electronic data capture (EDC) capabilities, sophisticated data management tools, and complete study management functionality...everything needed for an efficient and successful research initiative.

iMedNet™ EDC - An innovative, software-as-a-service (SaaS)-based EDC/eClinical technology platform that allows non-technical sponsor and CRO personnel to quickly and easily build and manage their own clinical studies.

EMPOWER® - A comprehensive solution for sponsors that automates the entire Investigator Initiated Trial (IIT) management process — from initial submissions through presentation planning.

For more information or a demonstration, please visit MedNet Solutions’ booth at DIA (#425), or contact MedNet at (866) 258-2735 or contact@mednetstudy.com.
