MEDNET SOLUTIONS ANNOUNCES THE LATEST RELEASE OF IMEDNET EDC

Minnetonka, MN – MedNet Solutions, a global life sciences technology solutions company specializing in clinical study management systems, is pleased to announce the latest release of *iMedNet™ EDC*, the company's innovative new eClinical solution that allows non-technical research personnel to quickly, easily and affordably build and manage their own clinical studies.

Key new *iMedNet EDC* features include:

- **Study on Demand** – Dramatically simplifies study creation by allowing new studies to be created from existing ones...complete with business logic...literally within seconds.
- **Project Manager** – Visually guides designers through the entire study build process – from form design and business logic configuration, through study validation and release management.
- **Validation Manager** – Simplifies the validation of study fields, properties and business logic, significantly shortening overall study development and deployment timelines.

"iMedNet EDC is truly a game-changing eClinical technology platform," stated John M. (Rob) Robertson, President and CEO of MedNet Solutions. *"iMedNet* provides the entire life sciences market with an EDC/CTMS solution that is incredibly flexible and easy to use, completely configurable by sponsor and CRO staff, and extremely affordable. This means that, with *iMedNet*, EDC is now both practical and economically viable for *any* study, even very small studies of short duration."

For more information on *iMedNet EDC*, or to schedule a system demonstration, please call MedNet Solutions at (866) 258-2735, email MedNet at contact@mednetstudy.com, or visit www.mednetstudy.com.

About MedNet Solutions

MedNet Solutions is a leading healthcare technology company specializing in electronic data capture (EDC) and clinical study management systems designed for the global life sciences market. Applying critical insight, proven technology and unwavering support, MedNet delivers powerful, flexible and easy-to-use web-based eClinical solutions that effectively support clinical studies, registries and investigator initiated trials. Since 2000, MedNet has successfully supported leading pharmaceutical, medical device, biotechnology, and contract research organizations on clinical research conducted around the world. MedNet delivers a superior customer experience from beginning to end. For more information, please visit www.mednetstudy.com.
